

Instructions for Determining a Pontoon Boat Seating Group

Often times, restoring your used pontoon is easier than you think. With a wide selection of custom, OEM quality, pontoon boat seats from Veada, your pontoon boat restoration will be an easy way to bring life back into your pontoon. With a small investment and a little elbow grease, your pontoon boat restoration will extend the life of your pontoon, bringing countless days of enjoyment on the water.

Follow these simple steps to plan for your pontoon boat seat restoration:

1. Determine the following dimensions from inside rail to inside rail.

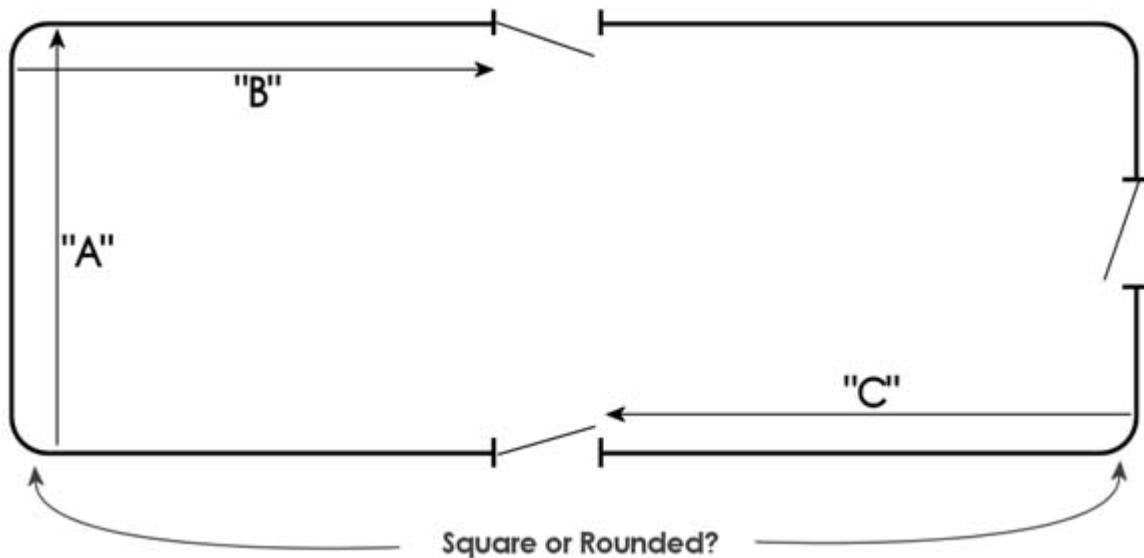

A. Inside rail to rail across the stern: _____

B. Stern to center gate: _____

C. Bow to center gate: _____

2. Determine if your front and rear rails are square or rounded: _____

A. This will determine which furniture can be used against the corner.

After determining these dimensions, visit www.veada.com for various seating options, call customer service at 877-311-4077 or email us at customerservice@veada.com. We look forward to helping!
